Enclosed¹, you will find a description of our activities and a check of \$149.95 corresponding to your invoice #439 dated 05/28/93 for:

- 1 PiCT_EX manual, describing completely all the commands implemented by the macros written by M.J. Wichura. If the manual doesn't respond to our demand, we will send it back, and ask for complete refund.

¹In fact, the check will be sent by separate mail

Operating Systems Multitasking, real-time OS.

We can also furnish scientific text processing systems for your computer, or for your site (Education licenses!) Here are some examples of our outputs:

$$x = 17y \tag{1}$$

$$y > a + b + c + d + e + f + g + h + i + j + k + l + m + n + o + p \tag{2}$$

$$x = \begin{cases} y & \text{if } y > 0 \\ z + y & \text{otherwise} \end{cases}$$
